About the Angel Foundation for Learning

With equity at its core, our mandate is to ensure that all students have access to the supports they need to fully participate in all educational opportunities and have equal opportunities for success through our four pillars of impact:

Student Nutrition Program: For more than 63,000 students, the Angel Foundation for Learning provides the meal or snack at school that may be the only nutritious meal of their day.

Empowering Student Leadership: Through the A Team initiative, AFL in partnership with the Student Leadership Team and Focus on Youth, empower students to become leaders in their community to encourage student philanthropy and community service.

Awards and Bursaries: This is an opportunity for AFL to shine a light on students and the talents they demonstrate throughout their school year, and to provide financial assistance to students who might not otherwise be able to attend post-secondary institutions.

Student and Family Supports: With key staff involvement, AFL provides emergency financial support for students and families who need help with basic essentials such as food, school apparel, shelter, and assistive devices such as hearing aids and eye glasses.
